
Retracted: Hot Spot Analysis of Tourist Attractions Based on Stay Point Spatial Clustering

Yifan Liao

JIPS Vol. 16, No. 4, pp. 750-759, Aug. 2020
<https://doi.org/10.3745/JIPS.04.0177>

We have identified a clear case of plagiarism in which the Chinese original was simply translated into English, with slight changes made in only certain parts of the original thesis.
