**Christian Gerber**

He received B.S. degree in Computer Science from University of Bern in Switzerland in 2007. And he was a Master Student in POSTECH University, Korea from 2009 to 2011. Also he received M.S. degree in Computer Engineering from Pukyong National University, Korea in 2015. His research interests are in the areas of Machine Learning and Computer Graphics.

**Mokdong Chung** <http://orcid.org/0000-0002-3119-0287>

He received B.S. degree in Computer Engineering from Kyungpook National University, Korea in 1981. And he received M.S. and Ph.D. degrees in Computer Engineering from Seoul National University, Korea in 1983 and 1990, respectively. He was a professor at Pusan University of Foreign Studies from 1985 to 1996. And he has been a professor at Pukyong National University since 1996. His research interests are in the areas of Computer Security for Application, Context-Aware Computing, and Bigdata based Computer Forensics.
